About SoHo

From bottomless brunching to date night tapas-tasting, we've got the perfect menu for you.

And if it's drinks you're after then you've come to the right place.

Insta-worthy cocktails, your favourite beers, low and no-alcohol options and a huge selection of wines: red, white, rose and bubbles - we've got them all.

We make a difference by reducing our food waste, minimising packaging, recycling and taking care of mother nature.

Because we prioritise local, seasonal fruit and vegetables, some ingredients may not be available.

Our food is prepared in areas where cross-contamination may occur.
